

TUCSON

Overtake the ordinary

Drive beyond the ordinary in the new TUCSON, combining a trend-setting design with advanced technology to uplift your experience.

Dynamism that exudes boldness

Behold, the new TUCSON's evolved signature parametric jewel design.
Here to showcase a more prominent and dynamic character than ever before.

Exterior

Reject the ordinary with eye-catching jewel-like elements of the front lamps as well as around the sides - boldly upgraded to allow you to stand out from the crowd.

Parametric Jewel Hidden Signature Lamps

Panoramic Sunroof

19-inch Alloy Wheels

Parametric Jewel Surfaces

Interior

The cabin’s wide horizontal design wraps around the interior, enveloping the passengers with a seamless architecture that integrates technology and style.

Wrap-Around Architecture Design

Ambient Mood Lamp / Multi-tray

Floating-type Console

Panoramic Curved Display 12.3-inch (Cluster) + 12.3-inch

Make room for more. Its best-in-class cargo space and roomy interior support various lifestyles and activities, offering more versatility than ever.

1st & 2nd Row Seat

Integrated Memory Seat

Walk-In-Device (Passenger)

Folding Seats / Remote Folding System

Standard

6:4 Folding

Full Folding

Convenience

A reinvented layout with a host of intuitive technologies that enable an effortless and convenient on-the-road experience.

Wireless Power Charger (WPC)

12-inch Head-up Display (HUD)

Column-type Shift by Wire (SBW)

Performance

Equipped with next-generation powertrains, ensuring top-tier performance and optimal solutions for various driving scenarios.

Smartstream Gasoline
1.6 T-GDI Engine

180

Maximum Power
PS/5,500 rpm

27.0

Maximum Torque
kgf·m/1,500~4,500 rpm

4WD HTRAC / Terrain Mode (Sand, Mud, Snow)
TUCSON AWD provides optimal driving performance through actively distributing driving force to the front and rear wheels according to various driving situations.
*Exclusive N-Line

Safety

The new TUCSON is packed with reliable features to protect you from the unexpected and ensure you leave no one behind.

Blind-Spot View Monitor (BVM)

6 Airbags

Surround View Monitor (SVM)

Rear Occupant Alert (ROA)

Hyundai SmartSense

Forward Collision-Avoidance Assist (FCA, Junction Turning)

Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection.

Lane Following Assist (LFA)

Lane Following Assist helps center the vehicle in the lane.

Blind-Spot Collision-Avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.

Lane Keeping Assist (LKA)

If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.
* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.
* Actual specifications may vary depending on the trim, powertrain and specifications selected.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.
* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.
* Actual specifications may vary depending on the trim, powertrain and specifications selected.

Smart Cruise Control (SCC)
 Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

Parking Collision Avoidance Assist (PCA)
 Reverse Parking Collision Avoidance Assist (PCA) provides a warning if there is a risk of collision with a rear object while reversing. After the warning, if the risk of collision increases, it automatically assists with emergency braking.

Forward/Side/Reverse Parking Distance Warning (PDW)
 Forward/Side/Reverse Parking Distance Warning (PDW) warns against collisions with objects around the vehicle at low speeds.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.
 * Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.
 * Actual specifications may vary depending on the trim, powertrain and specifications selected.
